MOTION FOR ISSUANCE OF SUBPOENA DUCES TECUM

Ballard Rural Telephone Cooperative Corporation, Inc. ("Ballard Rural"), Brandenburg Telephone Company ("Brandenburg"), Duo County Telephone Cooperative Corporation, Inc. ("Duo County"), Foothills Rural Telephone Cooperative, Inc. ("Foothills"), Gearheart Communications Co., Inc. ("Gearheart"), Highland Telephone Cooperative, Inc. ("Highland"), Logan Telephone Cooperative, Inc. ("Logan Telephone"), Mountain Rural Telephone Cooperative Corporation, Inc. ("Mountain Rural"), North Central Telephone Cooperative Corporation ("North Central"), Peoples Rural Telephone Cooperative, Inc. ("Peoples"), South

Central Rural Telephone Cooperative Corporation, Inc. ("South Central"), Thacker-Grigsby Telephone Company, Inc. ("Thacker-Grigsby"), and West Kentucky Rural Telephone Cooperative Corporation, Inc. ("West Kentucky") (collectively, the "RLECs"), by counsel and pursuant to KRS 278.320 and 807 KAR 5:001 § 3(6), hereby move the Public Service Commission of Kentucky (the "Commission") to issue a subpoena *duces tecum* to Halo Wireless, Inc. ("Halo"), ATTN: John Marks, General Counsel, 3437 W. 7th Street, Suite 127, Fort Worth, Texas 76107, compelling the production of the documents listed in Exhibit A to this Motion.

As set forth in the RLECs' Formal Complaint, filed on May 24, 2011, BellSouth Telecommunications, Inc. d/b/a AT&T Kentucky ("AT&T Kentucky") has been delivering third party traffic from Halo to the RLECs' networks since December 2010. The RLECs have confirmed that at least some of this Halo traffic is non-CMRS traffic for which AT&T Kentucky must compensate the RLECs at the tariffed rate. However, as set forth more fully in the RLECs' Formal Complaint, AT&T Kentucky has refused to pay for these access charges.

The call detail information listed in the attached Exhibit A is necessary for the RLECs to prove that AT&T Kentucky is terminating non-CMRS traffic from Halo that is subject to access charges. This information is also necessary for the RLECs to identify the precise nature and volume of the traffic that Halo delivers to AT&T Kentucky for termination on the RLECs' networks in Kentucky. Moreover, in past proceedings before the Commission, AT&T Kentucky has claimed its document preservation policies may make recovery of this type of information impossible. Based on the call detail records already provided by AT&T Kentucky to the RLECs, as well as AT&T Kentucky's prior representations to the Commission, it appears Halo is the only possible source of the information needed to resolve this matter.

For these reasons, the RLECs respectfully request that the Commission issue the requested subpoena, compelling Halo to produce the documents set forth in Exhibit A to this Motion. The RLECs further respectfully request that any subpoena issued require production of the documents at the offices of counsel for the RLECs within 30 days of service of the subpoena, but in any event no less than two weeks prior to the date any data requests or testimony are due to be filed.

Respectfully submitted,

John E. Selent

Counsel to the RLEC.

EXHIBIT A

CATEGORIES OF DOCUMENTS

The RLECs respectfully request that any subpoena issued by the Commission compel the production of the following six categories of documents and information from Halo Wireless, Inc. ("Halo"):

- 1. Produce documents sufficient to identify all carriers on whose behalf Halo delivers traffic to AT&T Kentucky for termination in Kentucky.
- 2. Produce documents sufficient to identify the total volume of traffic, from December 1, 2010 to the present, delivered by Halo to AT&T Kentucky for termination to the RLECs.
- 3. Produce documents sufficient to identify the total volume of CMRS traffic, from December 1, 2010 to the present, delivered by Halo to AT&T Kentucky for termination to the RLECs.
- 4. Produce documents sufficient to identify the total volume of non-CMRS traffic, from December 1, 2010 to the present, delivered by Halo to AT&T Kentucky for termination to the RLECs.
- 5. Produce documents sufficient to identify all RLECs, as defined in the Formal Complaint in this matter, to which Halo has had AT&T Kentucky deliver traffic on Halo's behalf.
- 6. For each RLEC identified in the response to Request No. 5, identify and provide documentation sufficient to identify the following:
 - (a) the total volume of monthly traffic, from December 1, 2010 to the present, terminated to that RLEC by AT&T Kentucky on behalf of Halo;
 - (b) the total volume of monthly CMRS traffic, from December 1, 2010 to the present, terminated to that RLEC by AT&T Kentucky on behalf of Halo;
 - (c) the total volume of monthly non-CMRS traffic, from December 1, 2010 to the present, terminated to that RLEC by AT&T Kentucky on behalf of Halo; and
 - (d) all originating carriers on whose behalf Halo delivered traffic to AT&T Kentucky for termination to that RLEC.
